

Master's student at TU Munich and research assistant in Prof. Daniel Cremers' Computer Vision & AI group. Work focuses on inference-time alignment of diffusion and flow models.

EDUCATION

M.Sc. Robotics, Cognition, Intelligence <i>Technical University of Munich (TUM), Germany</i> • Current GPA: 1.4 (German scale) • Focus: Machine learning, generative models, inference-time optimization • Exchange: Chalmers University of Technology, Gothenburg, Sweden (Sep 2024 – Jan 2025)	Oct 2023 – Present
B.Sc. Electrical Engineering & Information Technology <i>Technical University of Munich (TUM), Germany</i> • Final GPA: 2.5 (German scale) • Specialization: Artificial Intelligence and Machine Learning	Oct 2020 – Sep 2023

EXPERIENCE

Research Assistant (HiWi) <i>Chair for Computer Vision & Artificial Intelligence (CVAI), TU Munich</i> Research on inference-time alignment of diffusion and flow models in Prof. Daniel Cremers' group. Contributed to the ICLR 2026 workshop paper on trust-region noise optimization. Concurrent with Master's thesis in the same group.	Mar 2026 – Present
Internship – AI in Industrial Production <i>Siemens AG</i> Developed a 3D feature matching system using CNN embeddings to automate part retrieval in manufacturing databases, bridging deep learning with industrial applications.	2023

PUBLICATIONS

Schweiger, N., Ram, K., & Cremers, D. (2026). **Trust-Region Noise Search for Black-Box Alignment of Diffusion and Flow Models.** *ReALM-GEN Workshop @ ICLR 2026, Rio de Janeiro, Brazil.*

AWARDS & ACHIEVEMENTS

2nd Place – TUM.ai Makeathon Built <i>Caire</i> , an app designed to overcome language barriers between nurses and patients using AI to extract medical information from natural speech. Awarded a €2,000 prize.	Apr 2023
--	----------

SKILLS & INTERESTS

Programming	Python (Advanced), PyTorch (Advanced), C/C++ (Intermediate), Matlab (Intermediate), LaTeX
Languages	German (Native), English (C1 – Professional working proficiency)
Interests	Football, Strength training & running, Guitar (10+ years), AI & Natural sciences
